HIGH SCHOOL DISTRICT**

**COLLEGE AND CAREER
READINESS**

Delano Joint Union High School District

EARLY COLLEGE

DJUHSD Early College

Goal: All students will have the opportunity to complete at least 12 college units while they are in high school.

HOW CAN I PARTICIPATE?

- Apply online to Bakersfield College.
- Meet with your High School counselor and tell them you want to take Early College courses.

More information can be found at:
bakersfieldcollege.edu/earlycollege

**BAKERSFIELD
COLLEGE**
EARLY ▶ COLLEGE

WHAT IS EARLY COLLEGE?

Early College packages college course opportunities for high school students into pathways that begin in the 9th grade, allowing cohorts of students the opportunity to earn associate degrees and/or certificates by the time they walk across the stage at their high school graduation.

DUAL ENROLLMENT

College courses offered during the high school day and taught by a high school instructor.

CONCURRENT ENROLLMENT

College courses high school students take after school, either on their high school campus or at the BC Delano Campus.

DUAL ENROLLMENT + CONCURRENT ENROLLMENT = EARLY COLLEGE

LEVELS

Students will be able to complete between 12 and 60 college units through a combination of dual and concurrent enrollment courses.

DJUHSD CTE GOALS

- Ensure that upon completion of high school, students will possess strong foundational skills and advanced skills in the career field of their choice, allowing students to exit programs, pursue postsecondary education, and/or enter occupations directly.
- Integrate academic and career and technical education instruction and utilize work-based and work site learning experiences where appropriate and available.
- Every student will have the opportunity to access CTE programs and services.
- CTE programs will meet local labor demands including those of new and emerging occupations.
- Continue and promote professional development of CTE teachers, faculty, administrators, and counselors.
- Develop and support Career and Technical Student Organizations (CTSO).

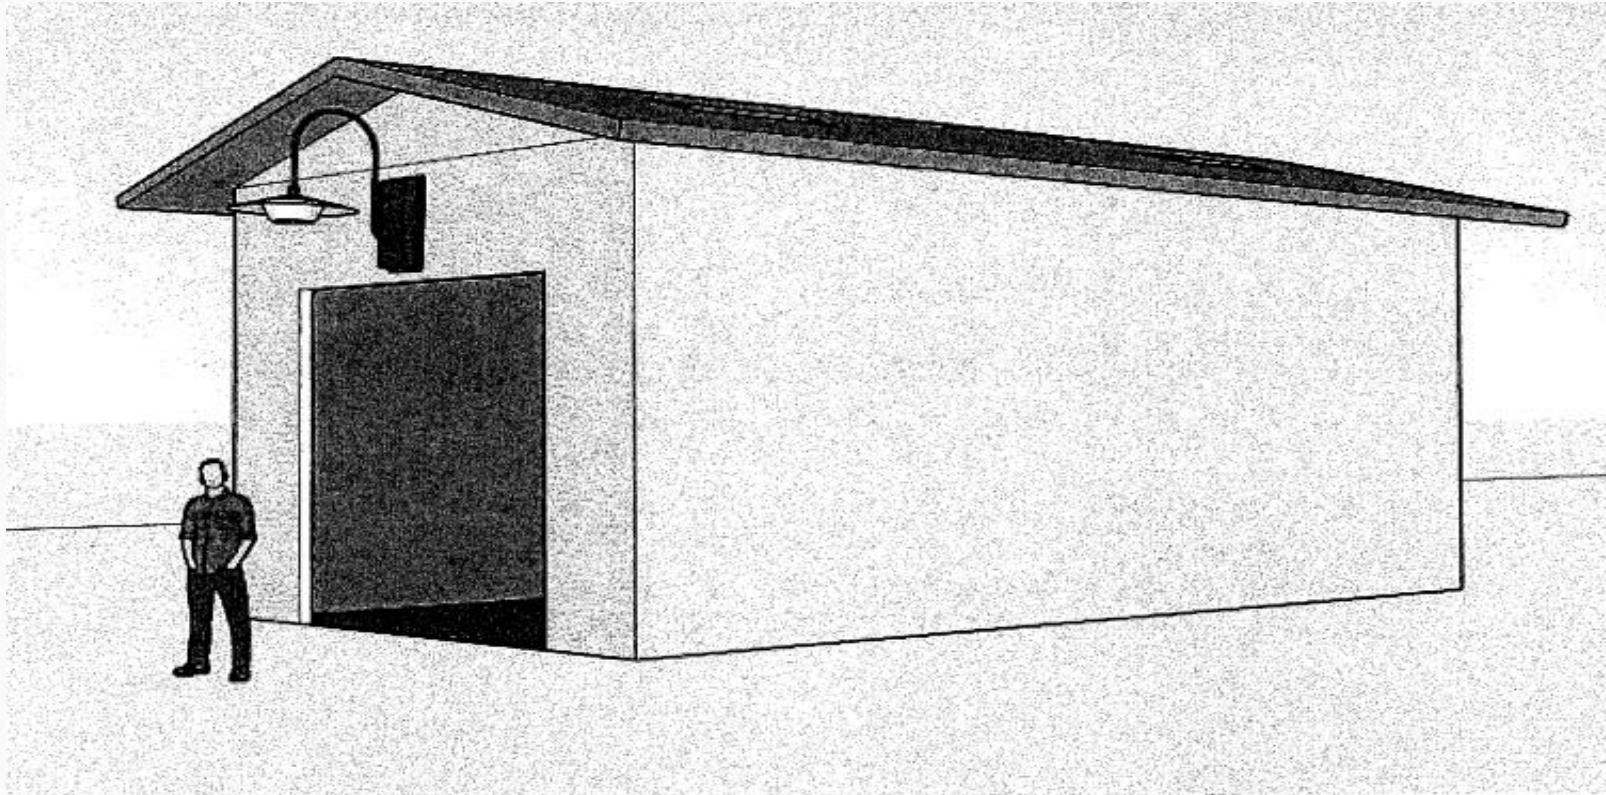

DISTRICT PATHWAYS

- Agriculture Business
- Agriculture Mechanics
- Agriculture Science
- Performing Arts
- Residential & Commercial Construction
- Education Pathway
- Architectural Design
- Engineering Design
- Engineering Technology

ROBERT F. KENNEDY'S Industrial Automation Program

- Aligned with Bakersfield College's Baccalaureate program
- Pathway consist of 4 dual enrolled BC classes
 - ELET B1A – Basic Electronics (DC)
 - ELET B1B – Electronic Circuits (AC & Analog)
 - ELET B3 – Programmable Logic Controllers
 - ELET B4 – Computer Integrated Manufacturing / Automated Robots

VIRTUAL ENTERPRISE

Preparing All Students for Fulfilling, Financially-Secure Futures

Classrooms become career incubators

Traditional classrooms become collaborative workspaces with conference tables and workstations, reflecting the needs and functions of a real-world office environment.

Students become professionals

VE students develop and apply real-world professional and leadership skills by test driving workplace roles such as CEO, Marketing Director, or HR Manager.

Teachers become facilitators

As a student-directed program, the VE teacher moves from being a “sage on the stage” to a “guide on the side,” serving as a coach and consultant for student companies.

INDUSTRY CERTIFICATIONS

- AGRICULTURE – HONDA SMALL ENGINES CERT
- EDUCATION PATHWAY – FIRST AID & CPR
- CONSTRUCTION/WELDING/AG – FORKLIFT CERT
- FOOD AND NUTRITION – FOOD HANDLERS CARD
- NURSING – CNA CERTIFICATION / FIRST AID & CPR
- MEDICAL ASSISTANT CERTIFICATIONS / FIRST AID & CPR

BENEFITS OF GUIDED PATHWAYS

STUDENTS

- Head Start on Pathway Degrees and/or Certifications at Community College
- Cost Savings for our students
- Completion of General Education Requirements
- Early College Success & Matriculation

FACULTY

- Collaboration with Community College Faculty
- Continued Professional Development
- Familiarity with the college requirements
