

# Billing & Coding Specialist

## Become a Nationally Certified Billing and Coding Specialist in Less than 3 Months!

Certified Medical Billing and Coding Specialists can find immediate employment with a variety of organizations including hospitals, clinics, medical practice offices, nursing homes, pharmacies, insurance companies, financial management companies, legal firms, consulting agencies and many more. Because this work is computer-based, many billing and coding specialists work remotely.

### Skills Learned

- Review medical records
- Understand healthcare billing process
- Learn medical codes including IDC, CPT and HCPCS
- Determine care services (manage claim process)
- Learn anatomy/physiology and medical terminology
- Use coding knowledge of the national diagnostic and procedural coding systems

### Online Learning as Close as Your Keyboard!

Students will engage in an online learning experience as they login from their computers and join their classmates in live, instructor-led lectures. Explore our daytime and evening schedules.

## National Certification

After passing the program, graduates will receive a certificate of completion and will be prepared to take the Certified Billing and Coding Specialist (CBCS) national certification exam offered by the National Healthcareer Association (NHA). The exam and Study/Prep materials are included in your tuition!
