

Clinical Medical Assistant

Become a Nationally Certified Medical Assistant in Less than 13 Weeks!

Medical Assistants perform administrative and clinical tasks in medical offices, hospitals, clinics, and other healthcare facilities. Job growth continues to be stronger than average. Train now and gain skills to join the healthcare workforce as a CMA.

Skills Learned

- Assist the medical provider with patient care
- Administer medications and take vital signs
- Conduct basic phlebotomy practices
- Manage the front office
- Understand medical terminology

Enjoy fewer trips to the campus

Students have the best learning opportunity when they participate remotely in live, online lectures and join classmates to practice skills in classroom meetings.

Gain Experience that Employers Expect of New Hires

When coursework is completed, students are assigned to externships in local medical facilities to refine their skills, to gain confidence with day-to-day office procedures, and to earn valuable, job-ready experience!

National Certification

After passing the program, graduates will receive a certificate of completion and will be prepared to take the Certified Clinical Medical Assistant (CCMA) exam with National Healthcareer Association (NHA^{now}.com). Preparation for exam provided throughout the course.

TUITION \$2,995
