- a) Harming a student or staff member, whether physically, non-verbally, verbally, socially, or emotionally;
- b) Threatening to, or damaging a student's or staff member's property;
- c) Harming someone's group acceptance;

Anti-Bullying Brochure

DJUHSD is committed to keeping all students and staff safe at school.

In order to provide a safe environment, DJUHSD has adopted an antibullying policy. Furthermore, each school has procedures in place to prevent and stop bullying. All staff is trained in recognizing and stopping bullying behaviors. Efforts to involve the community continue. Each school has an incident report available for staff, parents/guardians, and students.

Reports are addressed in a confidential manner. Counselors provide instruction on identifying bullying behaviors and steps to handle a bully. All bullying reports are documented and investigated.

Students who are involved in bullying acts will receive consequences and follow up meetings with staff. Consequences for bullying behaviors are developmentally appropriate and dependent upon frequency and severity of the incident.

As a school, we strive to work with parents and guardians to keep our kids safe. Parents and guardians will be notified if their child is involved in a bullying incident.
